

RESOLUTION No. 2018-07

A RESOLUTION OF THE CITY OF MCFARLAND SETTING GAS

RATES FOR USERS WITHIN AND OUTSIDE THE CORPORATE LIMITS.

WHEREAS, by Ordinance No. 172, the Governing Body of the City of McFarland Provides rates for the sale of natural gas by said City and authorized Governing Body to designate future rates by resolution;

WHEREFORE, the Governing Body of said City sets rates as follows:

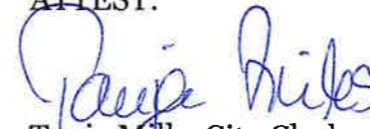

WITHIN THE CORPORATE LIMITS: A monthly base charge of \$20.00 for each meter location, so long as the meter is in place and gas service is available for usage at that location, regardless of whether any gas is consumed. In addition to the monthly base charge, a monthly charge for each 1000 cubic feet of gas (or part thereof) consumed at each meter location, computed as follows: The actual cost of each 1000 cubic feet of gas purchased by the City is reflected by the most recent past billing plus a margin above such cost of \$1.90 per each 1000 cubic feet consumed. (example: Cost of gas to City \$3.82 per mcf, plus \$1.90 margin equals \$5.72 mcf billed to consumer.)

OUTSIDE THE CORPORATE LIMITS: A monthly base charge of \$20.50 for each meter location, so long as meter is in place and gas service is available for usage at that location, regardless of whether any gas is consumed. In addition to the monthly base charge, a monthly charge for each 1000 cubic feet of gas (or part thereof) consumed at each location, computed as follows: The actual cost of each 1000 cubic feet of gas purchased by the City as reflected by the most recent past billing plus a margin of above such cost of \$1.90 per each 1000 cubic feet consumed.
