City Administrator St. John, Mayor Barnes & Council Members,

Marysville Chamber & Main Street would like to present a proposal for a wireless speaker system: Our goal is to create a welcoming environment to tourists, shoppers and others downtown.

What we would like to ask you:

- To graciously donate \$10,000 to the speaker system to jump start this project.

More about the Wireless Speaker System:

Street Sounds is based out of Georgia and they have worked with Beloit, Concordia, Belleville, Colby and Scott City. Kate has recently reached out to a few of their organizations that have the installed systems and has heard positive feedback.

- Our envisioned area to cover is 5th Street - 10th Street along Broadway. This would be approximately 1700 feet. We would need 1 speaker unit every 120 feet which is a common average, in total for the targeted area we would need 15 speaker units.
- The wireless speaker system is built to withstand the harsh outdoor environment. They can be mounted the same as current speakers.
- There is a mobile master transmitter (2-channel mixer). This transmitter will be used for a wireless microphone or to plug in an ipod/phone while on the go. This transmitter will make the system altogether easily accessible for any community or school event.
- This system does not run off of wifi or bluetooth. The system is made to cover big outdoor areas such as a Main Street and is referred to as "Multi-hop". This was built to avoid bluetooth/wifi hacking in the speaker units.
- It has a built-in Network Management System which gives the operator access to monitor/control each unit from a PC. You can control your zones on a schedule. (Example: We could schedule music for a full week if the operator is out of town.)
 - There is an alarm system to notify the operator by text/email if there are issues with units/zones.
 - All access remote control by Phone, Ipad or PC.
- StreetSounds does not install the system. Volunteers will be needed to set up each unit.
 - There are step-by-step videos on how to properly install the systems on the StreetSounds website.

Other Organization & Public support:

- The Marysville Community Foundation board has agreed to fund up to \$3,000 in match money if we raise \$3,000 by the end of 2021. Marysville Main Street opened an account with Marysville Community Foundation, to be on Pony Up Marysville.

- An anonymous donor is matching us up to \$5,000; there is no deadline.

The projected cost is \$35,600. This is based off of the current prices for units and UPS shipping. Prices and shipping may vary when the system is in stock.

Marysville Chamber & Main Street is currently on a waiting list due to a stock shortage. Ideally we would like the system to be installed by fall of 2022 but that is dependent on the stock shortage and funds.

The new system will be owned and operated by Marysville Chamber & Main Street. If there are any questions regarding this wireless system please feel free to reach out to me at kate@maryvillecms.com or 785-562-3101. If you would like to know more about the speaker system itself the website is <http://www.streetsoundswireless.com/index.html>

We would like your support to move forward with this project to enhance our downtown experience.

Thank you,

Kate Tommer
Executive Director of Marysville Chamber & Main Street

What are you requesting: We are hosting our second Christmas in North Park event on Sunday, December 12 from 5:30-7:00. We will have several special stops along the way, including Santa visiting, cookies, hot cocoa, carollers, cider, and the Grinch. In order to keep everyone safe (especially children and walkers in the event), we would like use cones to encourage one-way traffic through our neighborhood for that 1.5 hours. PHOTO(S) & INSTRUCTIONS TO ABATE: The vehicle in question is the White Ford F-150 tag Number 382 LWZ, that is not legally tagged. This vehicle either needs to be fixed and properly tagged or needs to be removed from the property, we greatly appreciate your cooperation in this matter.

Inspection of your property within the city limits of Marysville, Kansas reveals that there is a vehicle on your property that is in violation of City Code, Chapter 8, Article 5, Section 8-503.

It shall be unlawful for any person to maintain or permit any motor vehicle nuisance within the city.

- (a) A motor vehicle nuisance is any motor vehicle which is not currently registered or tagged pursuant to K.S.A. 8-126 to 8-149 inclusive, as amended; or parked in violation of city ordinance; or incapable of moving under its own power; or in a junked, wrecked, or inoperable condition. Any of the following conditions shall raise the presumption that a vehicle is junked, wrecked or inoperable:
 - (1) Absence of a current registration plate upon the vehicle
 - (2) Placement of the vehicle or parts thereof upon jacks, blocks, or other supports
 - (3) Absence of one or more parts of the vehicle necessary for the lawful operation of the vehicle upon street or highway.
- (b) The provisions of this section shall not apply to:
 - (1) Any motor vehicle which is enclosed in a garage or other building
 - (2) To the parking or storage of a vehicle inoperable for a period of 30 consecutive days or less, or
 - (3) To any person conducting a business enterprise in compliance with existing zoning regulations or who places such vehicles behind screening of sufficient size, strength, and density to screen such vehicles from the view of the public and to prohibit ready access to stored vehicles by children. However, nothing in this subsection shall be construed to authorize the maintenance of a public nuisance.

As the owner or tenant of the property in which the vehicle in violation is found, you have **10 days from the date of this notice** to abate the condition(s) in violation.

You may request a hearing before the City Council by filing a written request with the City Clerk at Marysville City Hall, 209 N. 8th Street, Marysville, Kansas, within the five (5) days of receipt of this letter. If you so request, your hearing will be at the next City Council meeting, which is presently scheduled for **11/08/2021** at 7:00 p.m.

Failure to comply with this notice to abate the nuisance or request a hearing, the city may file a complaint in the municipal court. Upon conviction of violation of provisions of section 8-503, **you may be fined in an amount not to exceed \$100 plus court costs.**

In addition to, or as an alternative to prosecution as provided in section 8-509, the public officer may seek to remedy violations of this article in the following manner. If a person to whom an order has been sent pursuant to section 8-507 has neither alleviated the conditions causing the alleged violation or requested a hearing before the governing body within the time period specified in section 8-508, the public officer may present a resolution to the governing body for adoption authorizing the public officer or other agents of the city to abate the conditions causing the violation at the end of 10 days after passage of the resolution.

If you have any questions regarding the enforcement of this order, contact the Building Inspector at 785-562-5331.

A follow-up inspection will be conducted on **11/09/2021** to ensure compliance with this request. Your prompt attention to this matter will be appreciated.
