#### CALL TO ORDER PLEDGE OF ALLEGIANCE ROLL CALL

1. APPROVAL OF MINUTES-Regular Meeting May 24, 2021

#### **2. PUBLIC COMMENTS**

Comments in this portion of the meeting will be held to a maximum of five (5) minutes. Scheduled requests shall be allotted fifteen (15) minutes. Requests to address the council or to be on the agenda must be given to the city clerk no later than noon (12:00) on the Wednesday preceding a scheduled council meeting (council meetings are scheduled for the second and fourth Monday of every month). Prior to making comments, please state the following: First & Last Name, Your Address and Ward.

	1. Jake Brakes – Terry Foust	Pages 06-12			
3.	BUSINESS AND DISCUSSION ITEMS				
-	1. Economic Development - Demolition 210 Jenkin	Pages 13-19			
	2. 7 <sup>th</sup> St Closing Carolina to Alston June 19 Cudney Reception	Page 20			
	3. Broadway Sound System – Dennis Mason & Greg Boss	Pages 21-23			
	4. Convention & Tourism Director – Toby Carrig	Page 24			
	5. Black Squirrels on Parade Maintenance – April Spicer	Pages 25-28			
	6. Pool Passes and Temperature Policies	Pages 29-32			
	7. Swimsuit Policy	Page 33			
	8. Airport Hangar Contract	Pages 34-39			
	9. An Ordinance Correcting Technical Errors in Ordinance No 1891	Page 40			
4.	NOTICES AND HEARINGS				
5.	CONSENT AGENDA				
	1. Clerks Report – May 2021	Pages 41-44			
	2. Revenue / Expense Report – May 2021	Pages 45-46			
	3. Municipal Judge's Report – May 2021	Pages 47-50			
6.	PRESENTATION OF APPROPRIATIONS ORDINANCE NO. 3749	Pages 51-55			
7.	STAFF REPORTS				
	1. City Administrator	Pages 56-57			
	a. 11th Road Bid	Page 58			
	b. 12th Road Repair	Pages 59-62			
	c. Street Dump Truck				
	d. Fireworks Show				
	e. Finances/Project Costs	Pages 63-70			
	f. Budget Workshop June 30 <sup>th</sup> or July 1st				
8.	STANDING COMMITTEE REPORTS				
	1 Charach				

- 1. Street
- 2. Water & Wastewater Treatment
- 3. Parks & Recreation
- 4. Cemetery & Airport
- 5. Police & Fire
- 6. Administration & Finance

#### 9. APPOINTMENTS & WAGE DETERMINATIONS

1. *Library Board* - Christine Wheeler replacing Maralee Scheele. Her term will end April 30, 2025. Ali Busch for her 2<sup>nd</sup> term which will end on April 20, 2025.

#### **10. CITY ATTORNEY**

**11. ROUNDTABLE DISCUSSION ADJOURNMENT**  Pages 02-05

#### Regular Meeting City Hall, Marysville, Kansas-May 24, 2021

Members of the Governing Body of the City of Marysville were called to order in regular session at 7:00 p.m. on the date and place noted above with Mayor Barnes in the chair. City Administrator St. John, City Attorney McNish and City Clerk Holle were also present.

After the Pledge of Allegiance, roll call was answered by the following council members: Pippia, Frye, Schroller, Hughes, Price, Behrens and Throm. A quorum was present.

The minutes from the May 10<sup>th</sup> regular meeting were presented for approval. CM Throm moved; CM Behrens seconded to approve the minutes as presented. Motion carried by 7-0 voice vote.

### **PUBLIC COMMENTS:**

**COVID VACCINES.** CM Hughes asked if the Council Members would declare if they had been vaccinated for Covid19. Several Council Members said they did not want to ask for that information and questioned if it was legal. The Council took no action.

**POPPY PROCLAMATION.** Mayor Barnes read the Poppy Proclamation declaring May 28<sup>th</sup>, 2021 Poppy Day to pay tribute to those who have made the ultimate sacrifice in the name of freedom.

#### **BUSINESS AND DISCUSSION ITEMS:**

- 1. FLINT HILLS DOG SCHOOL IN CITY PARK. Haylee Lubrano who is a professional dog trainer would like to use the City Park on Monday nights from June 7 through June 26 to conduct dog training classes. This is a free class. The Council approved the request.
- 2. MUSCO LIGHTING QUOTES FOR FELDHAUSEN FIELD. Brad Thompson a representative from Musco Lighting presented a quote of \$275,000 to replace the lights at Feldhausen Field. This quote includes installation of 6 poles with lights and bases and a 25-year warranty. The wiring will be underground. Brad said the installation work would be completed by Hanover Electric. Hanover Electric also included a proposal for an additional \$13,621 to update the electrical service at Feldhausen Field which would eliminate 2 electric meters and make updates for a future concession stand. Evergy will also need to make some improvements which is estimated to cost an additional \$3,000 to \$4,000. Musco included a Lease Purchase Proposal for the project which would cost 3.95% for a 5-year term or 4.45% for a 7-year term. CA St. John reported the local banks have offered to finance the project as a Lease Purchase for 2.95% with no penalty for early pay-off. CM Behrens moved to approve the bid of \$275,000 to Musco Lighting, \$13,621 to Hanover Electric and up to \$4,000 to Evergy to update the lighting and electric service at Feldhausen Field. CM Throm seconded. Motion passed 6-1 with CM Hughes voting no. The City will seek financing locally. It will take 6 weeks for the lights to be built before installation. The outfield fence will also need to be replaced following the lighting project.
- **3. KOESTER HOUSE MUSEUM CURATOR.** A job description for the Koester House Museum Curator was submitted by the Koester Museum Board and Foundation. This is a seasonal employee. The job description will also state a chain of command as well as the job duties. CM

Throm moved to approve the job description with the suggested changes, CM Schroller seconded. Motion carried unanimously.

4. AIRPORT HANGAR LEASES. The Council discussed the Airport Hangar Leases. The Council made a suggestion to use language in the lease that more closely mirrored FAA language removing the clause "hangars could be used for non-aviation purpose." They also suggested stronger language be added in regard to maintenance of the hangars. City Attorney McNish suggested we use the language in other City Ordinances regarding nuisances and maintenance of buildings. Staff will update the lease and bring it back to council.

#### **NOTICES AND HEARINGS:**

#### CONSENT AGENDA.

#### **APPROPRIATIONS ORDINANCE NO. 3748**

- Claims against the funds of the City were submitted for Council consideration as follows: General Fund, \$88,104.36; Water Revenue Fund, \$41,200.12; Sewage Revenue Fund, \$32,078.00; Special Improvement, \$110,900.00; Library Revolving, \$7,021.76; Swimming Pool Sales Tax, \$6,685.02; Special Parks, \$5,000.00; Koester Block Maintenance, \$7,912.09; Employee Benefit Fund, \$30,984.16; Transient Guest Tax, \$2,744.91; Municipal Equipment Reserve, \$1,772.50; Sales Tax Improvements, \$30,868.22; making a total of \$365,271.14.
- 2. An appropriations ordinance was introduced and considered to honor claims against the funds of the City as audited by the Finance Committee. CM Frye moved, CM Throm seconded to approve the appropriations ordinance totaling \$365,271.14. Motion to approve the appropriations ordinance carried by 7-0 roll call vote. City Clerk Holle assigned Ordinance No. 3748.

#### **STAFF REPORTS:**

#### **CITY ADMINISTRATOR:**

- 618 BROADWAY BUILDING PURCHASE. CA St. John asked the Mayor to move the purchase of the buildings at 618 Broadway from the Attorney's portion of the agenda. The Council agreed. A contract to purchase the property at 618 Broadway was presented by CA McNish. The contract purchase price is the Marshall County's appraised value. After Council discussion the closing date was changed to July 12, 2021. CM Throm moved to purchase the property at 618 Broadway from Joe Cohorst for \$35,780.00 with the closing date on July 12, 2012. Joe will be allowed to remove items from the buildings prior to that date. CM Frye seconded. Motion passed 6-1 with CM Hughes voting no.
- 2. DEMOLITION REQUEST FOR PROPOSALS. CA St. John included request for proposals to demolish 2 houses the city purchased near the Water Shop, 4 commercial buildings on Broadway, a condemned house at 1205 Carolina and a condemned apartment building at 205 N

10<sup>th</sup>. The Council discussed how the proposals should be offered to contractors. The City properties will be offered together, and the condemned properties will be offered separately. The commercial properties should be a priority. All demolitions may begin as early as July 12 and will need to be completed by December 31, 2021. CM Throm moved to go out for proposals for the demolition of the properties at 205 N 10<sup>th</sup> St, 307 Broadway, 101 S 4<sup>th</sup> St, 612-618 Broadway and 1205 Carolina, CM Price seconded. Motion carried unanimously.

#### STANDING COMMITTEE REPORTS:

#### STREET:

#### WATER & WASTEWATER:

- 1. WATER PROJECT/CIPP PROJECT UPDATES. CM Price asked when the waterline line project would begin. CA St. John said the supplies have been delivered and parking for equipment located. The project should start soon. The CIPP line cleaning and cameraing has begun. The company has located 2 flush tanks which will be updated during next year's CIPP project.
- 2. WATER METERS. CM Pippia asked if any meters have been installed. CA St. John said we have installed several meters as we have time and have also installed some meter pits.

#### PARKS & RECREATION:

1. CONCESSION STAND AT FELDHAUSEN FIELD. CM Price asked if the City had received information from prospective contractors to build the concession stand at Feldhausen Field. CA St. John reported we had not received any feedback yet.

#### **CEMETERY & AIRPORT:**

#### **POLICE & FIRE:**

#### **ADMINISTRATION & FINANCE:**

#### **APPOINTMENTS:**

#### **CITY ATTORNEY:**

**EXECUTIVE SESSION:** At 8:23 p.m. CM Throm moved, CM Behrens seconded to recess in executive session to discuss personnel matters of non-elected personnel, discussion on specific personnel matters, not general personnel policies, exception K.S.A. 75-4319 (b) (1). This session will include the mayor, city council, and the city attorney. The open meeting will resume in the city council chamber at 8:40 p.m. Motion carried unanimously. At 8:40 p.m. council reconvened. City Attorney McNish reported no action was taken during the executive session and the regular session was continuing.

At 8:40 p.m. CM Throm moved, CM Pippia seconded to recess in executive session to discuss personnel matters of non-elected personnel, discussion on specific personnel matters, not general personnel policies, exception K.S.A. 75-4319 (b) (1). This session will include the mayor, city council and the city attorney. The open meeting will resume in the city council chamber at 9:00 p.m. Motion carried unanimously. At 9:00 p.m. council reconvened. City Attorney McNish reported no action was taken during the executive session and the regular session was continuing.

At 9:00 p.m. CM Throm moved, CM Price seconded to recess in executive session to discuss personnel matters of non-elected personnel, discussion on specific personnel matters, not general personnel policies, exception K.S.A. 75-4319 (b) (1). This session will include the mayor, city council, the city attorney, and the city administrator. The open meeting will resume in the city council chamber at 9:10 p.m. Motion carried unanimously. At 9:10 p.m. council reconvened. City Attorney McNish reported no action was taken during the executive session and the regular session was continuing.

#### **ROUND TABLE DISCUSSION:**

- 1. CEILING TILE REPLACEMENTS. CM Frye asked if the City had found replacement ceiling tiles for the Community Room at City Hall. He suggested we switch out existing tiles from the closets until we could find them.
- **2. EAGLES CLUB.** CM Throm asked if a notice had been sent about the old Eagles Club which has boards falling from the soffits.
- **3. MEMORIAL DAY SERVICE AT CITY CEMETERY.** Mayor Barnes will attend the Memorial Day Service on Monday, May 31 and present the wreath from the City at the ceremony.
- 4. LEADERSHIP SUMMIT. Mayor Barnes and CM Behrens will attend the Leadership Summit/Mayors Conference June 18 & June 19 in Lawrence.
- **5. LEAGUE CONFERENCE.** CA St. John encouraged Council to attend the League of Municipality Conference October 8 and October 9.

There being no further business, at 9:12 p.m. CM Frye moved to adjourn, CM Hughes seconded. Motion carried unanimously.

Cindy Holle City Clerk June 7, 2021

I would like out city council to enforce unmuffled "Jake" Brakes coming through our city. Nobody deserves a ticket; on the other hand our community does not deserve unmuffled unnecessary very loud "Jake" Brakes all the way through our town.

Please Change out posted signs to READ: No Unmuffled Jacobs or Jake Brakes.

Signed,

A concerned citizen

### Vehicle Noise Levels and Compression Release Engine Braking

#### INTRODUCTION

This document is intended to provide the reader with information about commercial vehicle noise and its relationship with compression release engine brakes. This relationship is a subject of community concern and often results in the posting of "No Engine Brake" signs along roads and highways. Data is presented illustrating the relationship between vehicle noise and the condition of the vehicle's exhaust system. This data identifies improperly muffled vehicles as the principal cause of the vehicle noise that concerns communities. This document examines existing regulations that govern vehicle noise levels and presents suggestions for effectively addressing noise concerns at the community level. References are provided for further reading on the subjects of engine braking and vehicle noise.

#### **COMPRESSION RELEASE ENGINE BRAKES**

Compression release engine brakes (referred to hereafter as engine brakes) are the most popular type of supplemental vehicle retarder used in North America. Their function is to turn a power producing diesel engine into a power absorbing air compressor. It does this by quickly opening the exhaust valve near top dead center of the compression stroke. This causes a sudden release of compressed air from an engine cylinder into the exhaust system. This is what causes the characteristic staccato sound of an engine brake in operation. The engine brake is activated only when the driver's foot is off of the accelerator pedal and no fuel is being injected into the cylinder.

It is well known that the stopping power available from a vehicle's service (or wheel) brakes decreases significantly as the brake lining temperature increases. One of the uses of engine brakes on commercial vehicles is to help control vehicle speed on long downgrades. Minimizing the use of the vehicle's service brakes virtually eliminates the likelihood of overheating the brakes and thus helps to avoid dangerous brake fade. Reduced usage of the service brakes on engine brake equipped vehicles also leads to lower maintenance costs through reduced brake lining wear. Vehicles equipped with engine brakes are more efficient and productive to operate. Enhanced driver control and a reduced risk of brake fade also means safer interaction between all of the vehicles operating on public roadways. The overall result of engine brake usage is of significant value to the trucking industry and to the general public as well.

The need for equipping commercial vehicles with engine brakes is greater today than ever before. Vehicle weight and speed limits have been increasing. At the same time the vehicle's natural retarding power has decreased due to reductions in aerodynamic drag and rolling resistance. These improvements are beneficial in terms of vehicle fuel consumption and operating cost. However, they require that more work be done by the service brakes to maintain speeds on long down grades or slow the vehicle. The increased load being placed on vehicle service brakes led to the issuance of an industry practice recommending the use of supplemental retarders [7]. In addition to supplementing the vehicle's service brakes, engine brakes are also being integrated into other vehicle functions such as cruise control, automatically shifted manual transmissions, and the newly introduced collision avoidance systems. These factors are why the majority of heavy-duty vehicles produced in North America today are equipped with engine brakes when delivered from the vehicle manufacturer.

7 1

#### **ABOUT NOISE**

1.

Residents near steep downgrades, highway exits and curves in some communities in North America have expressed concerns about commercial vehicle noise. These concerns frequently identify engine brakes, due to their characteristic sound, as the cause of the objectionable noise. Signs prohibiting engine brake usage have been posted in some communities. The trucking industry is sensitive to these concerns and has studied the issue with regard to both new and in use trucks.

Truck, engine and equipment manufacturer studies have consistently found that improperly muffled vehicles are the root cause of this noise issue. Vehicle operating sound levels have been shown repeatedly to be much higher for vehicles with improper, defective or deteriorated mufflers. The problem is most pronounced on vehicles equipped with "straight stack" exhaust systems (i.e., no muffler). Studies have found that the sound level from "straight stacks" is 16 to 22 dB(A) higher than from original equipment mufflers [1]. Studies have also shown that the operation of an engine brake produces sound levels that are similar to those produced during acceleration on properly muffled vehicles [2].

Figure 1 shows total vehicle sound level data for a typical heavy-duty diesel powered vehicle. Sound levels are measured in 'A' weighted decibels or dB(A). This is a logarithmic scale weighted to the sensitivity of human hearing. Each doubling of a sound source will increase the sound level by 3 dB(A). An 18 dB(A) increase corresponds to a 64 fold increase in the sound source. Additional information on other vehicle/engine combinations is presented in Society of Automotive Engineers (SAE) papers [1] and [2].

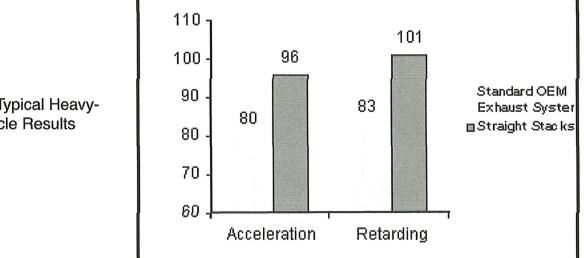

Figure1. Typical Heavy-**Duty Vehicle Results** 

2

Improper, defective or deteriorated mufflers will increase vehicle sound levels over those of properly maintained exhaust systems. The magnitude of the increase though is not as large as that for "straight stacks". A question that can be asked is how prevalent are improperly muffled exhaust systems on commercial vehicles? One survey observed a moderate traffic volume consisting of about 300 trucks per hour traveling on a stretch of Indiana highway. It found 5.3 percent of the trucks did not have a functioning muffler; in fact, 2.4 percent of the vehicles inspected were operating with "straight stacks" installed [1].

From this data one can conclude that residents living near that stretch of highway were on average exposed to 16 vehicles per hour with improperly muffled exhaust systems. These vehicles would be operating beyond acceptable noise levels during acceleration as well as retarding. Overall, this information supports the position that the root cause of objectionable vehicle noise is improperly muffled vehicles.

#### CONCLUSIONS

Enforcement of current muffler regulations is the most direct way to address the noise issue. It will have benefits to the trucking industry as well as to the public. Installing the mufflers required by federal and most state motor vehicle regulations on vehicles that are operated without a muffler will reduce noise levels by 16 to 22 dB(A). This does not necessitate anything more than proper maintenance using original equipment mufflers or replacement systems that are equivalent to those provided by the vehicle manufacturer. Signs prohibiting engine brake usage should be eliminated. This is especially true since most heavy-duty vehicles are properly muffled and do not cause offensive noise when operating their engine brakes.

The benefits to the public are two-fold. First, proper mufflers effectively control objectionable noise during all modes of vehicle operation, not just retarding. This means that objectionable noise is controlled in congested city streets, stop and go traffic, climbing hills, as well as in retarding situations. The second public benefit comes indirectly in the goods we all use that are moved by truck. The improved effectiveness of trucks in terms of operating economy, reduced trip times and improved operating safety will be reflected in the cost of the goods they transport. Truckers will be free to utilize their engine brakes and realize the economic and operating benefits they were purchased to provide. The result will be more efficient transportation, safer vehicles and safer highways.

The benefits to properly muffling trucks and allowing engine brake usage to the trucking industry are also compelling. Drivers will benefit by being exposed to less on-the-job noise. Vehicle operating safety and productivity will be improved. Controlling the noise level of vehicles by installing proper mufflers will also serve to improve the overall image of the trucking industry.

#### ABOUT THE LAW

1 N N

All new vehicles must comply with EPA noise regulations. The maximum permitted noise level was set to 83 dB(A) in 1979 and later reduced to 80 dB(A) in 1988. The overall design and manufacture of heavy-duty trucks, including their exhaust systems, results in all new vehicles meeting the applicable regulations when they leave their manufacturer's factory.

The EPA regulations prohibit "The removal or rendering inoperative by any person, other than for purposes of maintenance, repair, or replacement, of any device or element of design incorporated into any new vehicle for the purpose of noise control prior to its sale or delivery to the ultimate purchaser or while it is in use". The EPA regulations also prohibit the use of a vehicle that has had the noise control system rendered inoperative. This is stated clearly on a label required on all vehicles sold in the U.S. and is fully explained in the operator's manual for every new truck [3]. The improperly muffled vehicles, especially those with straight stacks, are not operating in compliance with current federal regulations.

Most states have adopted motor vehicle regulations that address the configuration and condition of vehicles operated on their roads and highways. These regulations typically require that a vehicle be equipped with a proper exhaust system and a muffler. "Straight stacks" are not in compliance with either the federal or the state regulations.

#### WHAT CAN BE DONE

The current federal and state regulations addressing exhaust system configuration and maintenance are not always aggressively enforced. This has led communities to adopt ordinances of their own and post signs prohibiting engine brake usage. Prohibiting engine brake use attempts to solve the problem without addressing the real cause. Any action taken should address the small percentage of vehicles with improperly muffled exhaust systems that are at the root of the problem.

The most direct solution is to visually inspect vehicles for the presence of a muffler. This type of inspection is relatively simple to implement once some basic definitions of what constitutes a muffler are established. The inspection could be done as part of current roadside inspections with minimal additional training and effort. This action would address the root cause of the community problem and would eliminate the most severe noise offenders. This type of inspection would be the simplest way to start addressing the noise problem.

The drawback to a simple inspection is that it may not catch all offenders. Improper, defective or deteriorated mufflers that appear intact from the outside may be missed. Detecting these cases requires a roadside noise test. The EPA sets forth procedures in its regulations based on the SAE J366 Recommended Practice [4]. The International Standards Organization (ISO) also has procedures for driveby testing, described in ISO 362 [5]. A stationary test could be used to detect vehicles that are noise offenders [6]. However, active noise tests for inspection purposes are complicated by various vehicle and muffler configurations, and require calibrated noise testing equipment and trained operators. Therefore visual inspection for the presence of mufflers is the simplest and most immediate way to address commercial vehicle noise.

If a community determines that a sign is still required, wording similar to the following examples is suggested. Signs under Oregon State Vehicle Code Section 811.492 read: Unmuffled Engine Brake Use Prohibited Except In Emergencies. Signs under Minnesota Traffic Regulations Section 169.69 read: Vehicle Noise Laws Enforced. Both address the root cause of the problem, do not adversely effect properly maintained vehicles and acknowledge the positive impact of engine brakes on operating safety.

# Application for Economic Development Fund

Ordinance No. 1867 (December 13, 2018)

Any person or developer desiring to utilize these incentives must submit an application, on this form that is supplied by the City, for review and approval by the Governing Body, prior to the construction of a home or the demolition of the property.

Incentives that are offered in Qualifying Subdivisions, to-wit: Palmetto, Marysville Proper and Ballard and Morrall Subdivisions. Any property owner within any other Subdivision Division of the City, may request that the Governing Body find, and determine, that their subdivision is a Qualifying Subdivision.

#### **Demolition of structures.**

The City may reimburse up to \$2,500 of demolition costs of a structure, located within a Qualifying Subdivision and which the Governing Body has found to be blighted. This reimbursement may be paid by the City upon the receipt of demolition expenses paid and confirmation by the City Zoning Administrator that the demolition is completed.

#### **Disposal of Demolition Material**

Proof material from the demolition is disposed of at a licensed/certified landfill (example: Marshall County Landfill/Transfer Station). If you have clean limestone block contact city hall.

**RE:** Economic Development for Josh Blumer at 210 Jenkins

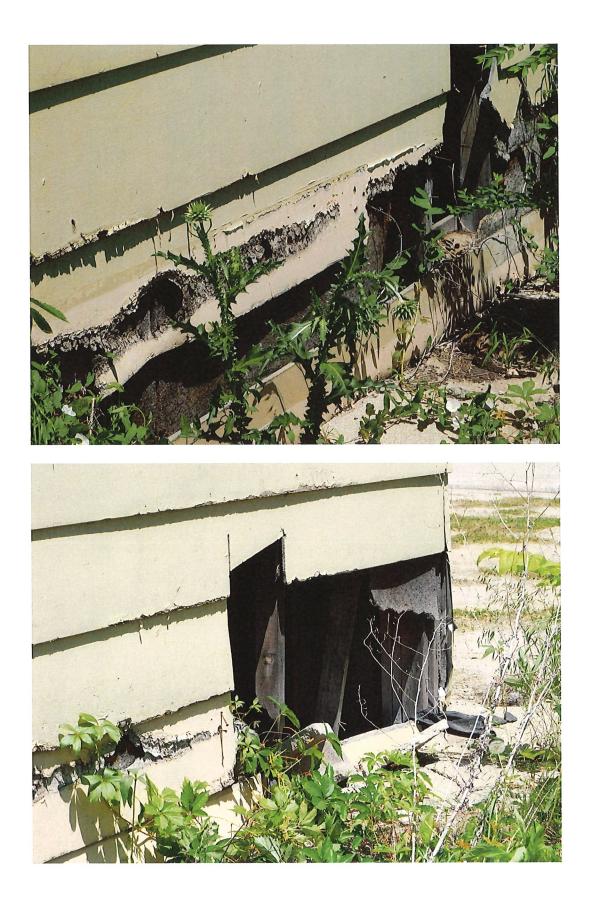

Upon inspection I found that this garage has the rafters leaning to the north while the wall is leaning to the south. The rafters are also pulling apart at the peak. The west side of the garage floor is cracked up and has settled at least four inches. The siding along the bottom is rotted most of the way around. Both garage doors and the walk-in door are missing. The windows are falling apart. The fascia board on the west side is rotted and falling off. The roof on both sides needs replaced and possibly the sheeting on west side.

William Kalph

### CITY OF MARYSVILLE, KANSAS CITY COUNCIL MEETING REQUEST TO BE PLACED ON THE AGENDA

Meetings are held on the 2<sup>nd</sup> and 4<sup>th</sup> Mondays of each month (excluding holidays) at 7:00 p.m. Requests need to be submitted by noon the Wednesday before the meeting.

# City Council Meeting

There is a plan to put in a conduit for the Broadway Sound system that would go from the present subsurface box that feeds from the Pony park on 7<sup>th</sup> st., across to the area of the light pole next to the old Police Dept.. But to completely finish the need to have any sound West of  $6^{th}$  St. there are two more areas that need to be worked on, in a similar fashon.

1) An underground conduit needs to be installed with surface box's going from the light pole on the West corner of Boss Motors building of Broadway St. to the Insurance Bldg across the brick street to the light pole area there.

2) An underground conduit needs to be installed similar to the other one mentioned from the light pole next to the Laundry Matt building to the existing subsurface box for power to the light pole on the corner of the new Sunflower Bank on 5<sup>th</sup> street..

The reason for putting in the underground conduits like was done on the East side of Broadway to Hwy 77 where there were bricks are also located, had proved to be, not acceptable for wiring to be laid in with the bricks as they do move and damage the wires.

The above upgrade is necessary for a more permanent and less troublesome installation for the wiring on the West side from the Pony park. Every year for the last 2 years we have had to do wiring replacement in at least 3 of the above locations.

#### 3772021

I wanted to make an appearance to introduce myself to the City Council after being selected for the tourism position for the city of Marysville as well as the director of the Pony Express Barn & Museum.

I previously was tourism director for the city of Ste. Genevieve, Missouri, which is a French settlement dating back to around 1750 along the Mississippi River. Prior to being the tourism director, I owned the newspaper there for seven years and was the editor for two years before that. Working in Ste. Genevieve required dealing with historic attractions operated by some private organizations, the State of Missouri, and the National Park Service as well as working with businesses, business organizations, event planning committees, and more.

During my first week in Marysville, I have visited the Koester House, the Historic Marysville County Courthouse, the Doll Museum, and I attended the open house at the Union Pacific Depot as well as Big Blue River Days.

I attended my first Convention & Tourism board meeting on Wednesday, June 9, and submitted a written report for the Pony Express Museum board meeting that was scheduled for the same time. My duties so far at the museum have included getting up to speed with financial information, data collection, store inventory, programs and exhibits to come up with some ideas moving forward.

I look forward to working with you and hearing your feedback about tourism in Marysville.

Thank you,

Toby Carrig

April Spicer 1221 11th Road Marysville, KS 66508

June 9, 2021

Dear City Council Members,

I wanted to let you know that our Convention and Tourism board has been discussing upkeep of the Black Squirrels on Parade. Many are still looking ideal, but several of them have fading paint, materials falling off and cracked fiberglass. I have been in contact with Patrick with Fiberglass Animals who made the squirrels and he is willing to come to Marysville to repair fiberglass and reapply a clear coat if needed. All repairs will be the responsibility of the owners, but our board would like to offer to pay for the clear coat if needed and Patrick would be able to do them all at once. I am waiting to hear back from him on the price of fiberglass repair and clear coat. For the original cost of clear coat it is thought to have been \$100 per squirrel.

I will be sending out the attached letter to the squirrel sponsors to have them assess the quality of their squirrel and determine actions needed to have the squirrels looking their best. We are happy to have the squirrels in town and understand that they need to be taken care of.

Sincerely,

April Spicer

Hello Friends of the Arts and Black Squirrels on Parade Sponsor,

As members of the Marysville Convention and Tourism Committee, we have been very pleased with the amount of attention our squirrels have gotten by locals and visitors alike. Not a day goes by that they are not admired by many. We hope they have exceeded your expectations in the amount of love they have received. With the amount of human interaction and of course the weather several are showing signs of wear. As a group, we have discussed what the next steps should be. We are in agreement that we are not ready to see them go; they are a fun asset to the community and a well talked about and photographed attraction to visitors. We also recognize the value in having them looking good as they are a reflection of our town.

We would appreciate a self-assessment on your part of your particular squirrel and then decision making in what action steps are needed. Attached is a criteria sheet of items to look at. Please complete by JULY 1st and email to <a href="mailto:spicer.april@gmail.com">spicer.april@gmail.com</a> or snap a picture of your assessment and text to 785-268-0896.

We have been in communication with the company who provided our fiberglass squirrels and applied the clear coat. Here are his suggestions:

- 1) If the squirrel is in top condition with the clear coat free of deep scratches, and the paint is still vibrant, the only thing needed is a cleaning and a coat of car wax.
- 2) If the squirrel's paint job is holding up well but there are deep scratches, a new spray application of the clear coat should take place to prevent deterioration by the weather.
- 3) If the squirrel's paint has faded or needs to be touched up, rough up the surface by applying texture with steel wool, repaint and have a new clear coat applied.
- 4) If there is damage to the fiberglass base or body, they are able to repair that from the inside of the sculpture on location to make it strong again and last longer. The outside surface cracks would need to be made smooth or filled in with Bondo and sanded down, then repainted and a new clear coat added.
- 5) If there is major damage, such as attachments or added materials coming off or crumbling, a larger decision will need to be made. Options are 1) starting fresh with the same squirrel being sanded down with a new coat of black gesso, with the same or a new design or 2) making the decision to remove the squirrel. There could be the possibility of rehoming it by finding a new sponsor/artist to take it on.

Our committee has agreed to pay for a new clear coat if needed after repairs have been made, if completed by the deadline of OCTOBER 1, 2021. Cost of fixing fiberglass is \_\_\_\_\_; cost of a new coat of black paint is \_\_\_\_\_. It is up to you how to go about repainting if needed. You could contact the original artist and hire them to do the work or do touch ups yourself, maybe with the artist's suggestion of paint to use. We could also give you a list of possible artists if needed.

We appreciate your help in keeping our town vibrant and attractive with an artistic flair. Feel free to contact April Spicer at 785-268-0896 or <a href="mailto:spicer.april@gmail.com">spicer.april@gmail.com</a> with questions or conversation in this matter.

Sincerely, Marysville Convention and Tourism

# ADMISSIONS/PASSES/PARTIES

## ADMISSIONS

Daily admission Fees: 4 and under=Free; 5 & older \$4. If they do not have a pass or a punch card, they must pay the general admission fee. No readmit on the same daily pass or the same daily punch on the punch card.

There will be free admittance on July 4<sup>th</sup> from 1:00 p.m. to 6:00 p.m. and on Wednesdays from 6:30 p.m. to 8:00 p.m.

Lap Swim will be provided based on staff availability.

### PASSES

There are three different passes available: Individual, Family and Day Care. Passes are also awarded as prizes for different events. A pass sheet needs to be filled out for each pass. The sheets are kept in a binder at the pool and City Hall and filed alphabetically. Pool staff is responsible for knowing who is on the pass. If there are any questions about someone's eligibility, staff can request their name and birth date, which they verify off the pass.

- <u>Individual Pass</u> This pass has only one name and birthdate on it and only that person can use it. There are no exceptions; the pass is not transferable. Cost is 5 & older \$50.00 per season.
- <u>Family Pass</u> A family season pass is for a legal guardian and his, her or their children 18 years of age and under living in the same household. It does not include grandparents, aunts, uncles, nephews, nieces, cousins, babysitting children, boyfriends or girlfriends. Cost is \$110.00 per season.
- <u>Day Care Pass</u> This pass includes the day care provider and up to 5 children. This pass is only valid when the children are with the day care provider during day care hours. Cost is \$110.00 per season.

# INCLEMENT WEATHER POLICY

- 1. In the event of a tornado, the city office or police department will notify the pool management by phone. The early warning sirens should be activated with a two to three-minute alert tone.
- 2. The cashier immediately refuses any additional admissions to the pool, locks the cash register, and reports to the manager for additional information.
- 3. The manager informs all guards to clear the pool of swimmers. The manager will ensure all patrons are moved into the bathhouse. Alert all personnel to calm persons who may become excited.
- 4. The lifeguards will position the patrons in the bathrooms away from doors & windows.
- 5. The manager should see that all areas of the bathhouse are supervised and that all windows are open.
- 6. No one will be permitted out of the facility unless parents arrive to pick up children. No staff will be permitted to leave the facility.
- 7. The pool will re-open when the all-clear signal is given unless the manager says otherwise.
- 8. Incident reports should be filed for any injuries or discipline problems during the emergency.
- 9. In case of lightning or thunder in the area, the pool will be cleared until there has been no thunder in the area for at least 30 minutes. Repeated periods of lightning or thunder may make it necessary to close the pool.
- 10. If heavy rain is present and there is poor visibility of the bottom of the pool, all patrons will be asked to get out of the pool until rain subsides.
- If 2 hours pass during which patrons are unable to swim as result of inclement weather, the management team will close the pool. Management staff will reevaluate the situation after 2 hours.

12. <u>Cool Weather Policy</u> – If the weather is cool, the temperature should be checked with local weather radar and or radio as early as possible. If the temperature has not reached 70 degrees with a clear sky by 12:00 p.m. and it is forecasting it will not reach 70 by 2:30 p.m. the pool will not open at 1:00 p.m. The manager will put up the closed sign which states the pool is closing due to cool weather, notify pool staff and the city office. If at 2:00 p.m. it appears the temperature has warmed up more than expected the temperature should be checked at the bank downtown or pool house. If at that time the temperature is above 70° the pool will open at 2:30 p.m., if not, it will remain closed. The pool will not open if the temperature of the water is below 70°. *If in doubt about opening or closing the pool, contact the city office.* 

In the event of any closing due to inclement weather no refunds or rain checks will be issued.

Austin St. John, City Administrator Marysville, Kansas

From: KACM <kacm-bounces@list.ink.org> On Behalf Of Cole Herder via KACM Sent: Monday, June 7, 2021 9:31 AM To: kacm@list.ink.org Subject: Re: [Kacm] Pool Temperatures for Opening

All,

I've been asked about the results of this question:

Great Bend – Air Temp 75°F Cimarron – Air Temp 70°F, Heater comes on below 78°F Cheney – Air Temp 70°F Ft. Scott – Air Temp 70F Concordia – Air Temp 70°F, pool heated to 85°F, Allow swim team to practice for an hour with air temp as low as 60°F Chanute – Air Temp and Water Temp 70°F Mulvane – Air Temp 74°F Iola – Air Temp 70°F Marysville – Air Temp 70°F Junction City – 70°F Belleville – Opened Memorial Day weekend, even if cold.

So, the most common answer was Air temp of 70°F. Humboldt had planned to open on Memorial Day, but it was mid 60s and chance of rain, so we delayed opening until Thursday with temps in the upper 70s. Water temp was in mid to high 60s. We delayed swim lessons a week – those little kids would have looked like blue popsicles last week!

Thanks, Cole Herder City of Humboldt

Oh, I'm so excited! It's pool season!

# DUE TO AN INCIDENT AT THE POOL WITH SEVERAL PATRON COMPLAINTS THE POOL MANAGERS REQUESTS TO CLARIFY A POOL POLICY

Pool Policy Current regulation.

Pool Regulation No.19.: All swimmers must wear proper swimming attire. No on shall ride the slides if there is exposed metal or rivets on their swim attire.

Proposed Policy No. 19: All swimmers must wear appropriate swimming attire. The swim wear must cover all anatomical areas of the body. No see-through tops or bottoms, and no thong/Brazilian bottoms.

### AIRPORT HANGAR LAND LEASE For Small, Privately-Owned Hangars, CITY OF MARYSVILLE, KANSAS

#### BUILDING ON LEASED GROUND

**This Lease,** made and entered into this 1<sup>st</sup> day of April 2022, by and between the City of Marysville, Kansas, a Municipal Corporation, hereinafter referred to as LESSOR, and Gary Howland hereinafter referred to as LESSEE.

WHEREAS, Lessor is the owner of real estate upon which the Marysville Municipal Airport is situated and the Lessee desires to lease a tract of land to be used for an airplane hangar at said Municipal Airport.

**NOW, THEREFORE,** in consideration of the terms and provisions of this Agreement, the Lessor hereby leases to the Lessee and the Lessee hereby rents from the Lessor a tract of land to be used for an airplane hangar in accordance with the following terms and provisions.

1. Term. The term of this Lease shall be three (3) years beginning April 1<sup>st</sup>, 2022 and ending March 31<sup>st</sup>, 2025. The lease shall terminate at the end of the lease period.

2. Tract of Real Estate. The tract of land subject to this Lease at the Municipal Airport is described as follows:

#### Hangar Space No. 13 Marysville Municipal Airport. Plane Spaces: 1

3. Lease Payment. For the first year of the lease, Lessee shall pay to the Lessor rent for the use and occupancy of said tract of real estate the sum of \$0.40 per square foot of cumulative hangar space owned by Lessee, in advance, on or before April 1<sup>st</sup>, 2022. For the second year, Lessee shall pay to the Lessor rent for the use and occupancy of said tract of real estate the sum of \$0.41 per square foot of cumulative hangar space owned by Lessee, in advance, on or before April 1<sup>st</sup>, 2023. For the third year, Lessee shall pay to the Lessor rent for the use and occupancy of said tract of real estate the sum of \$0.41 per square foot of cumulative hangar space owned by Lessee, in advance, on or before April 1<sup>st</sup>, 2023. For the third year, Lessee shall pay to the Lessor rent for the use and occupancy of said tract of real estate the sum of \$0.42 per square foot of cumulative hangar space owned by Lessee, in advance, on or before April 1<sup>st</sup>, 2024. Lessee agrees on each of the three years of this lease. Said rent shall be used for the operation and maintenance of the airport.

#### **TOTAL HANGAR SQUARE FOOTAGE OWNED = 1968**

### TOTAL RENT FOR 2022 = \$787.00 2023 = \$807.00 2024 = \$827.00

4. Delivery at Termination of Lease. Lessee shall deliver the tract of land to Lessor at the termination of the Lease in as good condition as originally received. If the hangar remains on the subject property, within a reasonable time after termination of the lease, the City shall have the option of retaining such hangar or demolishing the same. If the structure is demolished, the City reserves the right to charge back to Lessee the cost of demolition. If the structure is retained, the City will assume all maintenance for such structure.

5. Lessee's Use of Leased Premises. It is agreed and stipulated that Lessee shall be permitted to occupy said land for storage or hangaring of aircraft. Lessee agrees to indemnity and hold harmless Lessor, its officers, agents, employees, and personnel (collectively "Indemnified Party") from and against any and all claims, demands, suits, losses, causes of action, penalties or liability that the Indemnified Party may sustain as a result of the Lessee's use, either directly or indirectly, of the subject property or breach of Lessee's duties under this lease agreement or violation by of the Lessee of any rule or regulation applicable to the subject property. This indemnification shall include reasonable expenses, including attorney's fees incurred by defending such claims and damages incurred by reason of the indemnifying party's failure to comply with applicable laws, ordinances, and regulations or for damages caused by the indemnifying party.

As dictated by the FAA the following aeronautical uses of a hangar are as follows:

- Storage of active aircraft.
- Shelter for maintenance, repair, or refurbishment of aircraft, but not the indefinite storage of non-operational aircraft.
- Construction of amateur-built or kit-built aircraft provided that activities are conducted safely.
- Storage of aircraft handling equipment, e.g., tow bar, glider tow equipment, workbenches, and tools and materials used to service, maintain, repair or outfit aircraft; items related to ancillary or incidental uses that do not affect the hangars' primary use.
- Storage of materials related to an aeronautical activity, e.g., balloon and skydiving equipment, office equipment, teaching tools, and materials related to ancillary or

incidental uses that do not affect the hangars' primary use.

• A vehicle parked at the hangar while the aircraft usually stored in that hangar is flying.

Lessee shall maintain the hangar on said leased premises in a good state of repair and shall maintain all exterior area adjacent to the hangar in a reasonably clean, neat and attractive condition. City Code 8-201 NUISANCES UNLAWFUL; DEFINED. It shall be unlawful for any person to maintain or permit any nuisance within the city as defined, without limitation, as follows: (g) All articles or things whatsoever caused, kept maintained or permitted by any person to the injury, annoyance or inconvenience of the public or of any neighborhood. Also, City Code 8-308 ENVIRONMENTAL CODE; UNLAWFUL ACTS. It shall be unlawful for any person to allow to exist on any residential, commercial or industrial premises, conditions which are injurious to the health, safety or general welfare of the residents of the community or conditions which are detrimental to adjoining property, the neighborhood or the city. For the purpose of fair and efficient enforcement and administration, such unlawful conditions shall be classified as follows: (b) Exterior conditions (structure) shall include, but not be limited to, deteriorated, dilapidated, or unsightly: (1) exteriors of any structure. It is further understood that no personal property shall be stored outside the hangar. It is expressly understood that for safety purposes, the outside area adjacent to the hangar space shall be kept free of any debris or materials, supplies, equipment, machinery or parts thereof.

The installation, maintenance and use of all utilities in the tract of land are the sole responsibility of the Lessee. Lessor shall not be responsible for any loss, damage, or inconvenience to any person or property that may occur in or on the leased premises or from the use thereof.

Nothing herein shall be construed to grant or authorize the granting of an exclusive right within the meaning of Section 308 of the Federal Aviation Act of 1958, as amended.

6. Lessor's Use of Municipal Airport. Lessor reserves the right to further develop or improve the landing area on all publicly owned inter-navigation facilities of the airport as it sees fit regardless of the desires or views of the Lessee and may prevent the Lessee from erecting or permitting to be erected any building or other structure, which in the opinion of Lessor would limit the usefulness of the airport or constitute a hazard to aircraft. It is expressly understood that the rights granted by this agreement will not be exercised in such a way as to interfere with or adversely affect the use, operation, maintenance or development of the airport.

7. Affirmative Action. Lessee assures that it will undertake an affirmative action program as required by 14 CFR Part 152, Subpart E, to ensure that no person shall, on the grounds of race, creed, color, national origin, or sex, be excluded from participating in any employment activities covered in 14 CFR Part 152, Subpart E. The Lessee assures that no person shall be excluded on these grounds from participating in or receiving the services or benefits of any program or activity covered by this subpart. Lessee assures that it will require that its covered sub-organizations provide assurances to the Lessor that they similarly will undertake affirmative action programs and that they will require assurances from their sub-organization as required by 14 CFR Part 152, Subpart E, to the same effect.

8. Access to Premises. Lessee agrees that Lessor's agents and employees, including but not limited to, city code enforcement officer, police chief, and fire chief, shall have access to and the right to enter the Lessee's hangar during reasonable hours.

9. Sale of Hangar. Should the Lessee sell the hangar to another party, the Lessee will notify Lessor in writing prior to the transfer of title. Lessee shall be permitted to assign the lease to the purchaser so long as the transaction does not compromise the safety of the airport and hinder the use of the airport facilities by the public.

10. Lessee's Noncompliance. If the Lessee fails to perform any of the terms and provisions of this Lease, other than payment of the annual lease amount, the Lessee will have thirty (30) days to comply or the Lessor may, at Lessor's sole option, terminate this Lease by giving the Lessee written notice of such termination. Upon such termination as therein provided, Lessee agrees to deliver possession of the premises as provided herein. Any notice permitted or required hereunder to be given by Lessor to Lessee shall be given to Lessee at the Lessee's address last known to the Lessor.

11. Waiver of Breach. A waiver by Lessor of any breach or default by Lessee hereunder shall not be deemed or construed to be a continuing waiver of such breach or default nor as a waiver or permission expressed or implied for any subsequent breach or default.

12. Hazardous and Noxious Uses. All volatile fluids and gases, except in aircraft fuel tanks, re-fueling or fuel storage tanks, shall be stored in approved containers and the same shall be less than five (5) gallons in capacity and the aggregate of such material

stored on the premises shall not exceed twenty-five (25) gallons.

13. National Emergency. During the time of war or national emergency, the Lessor shall have the right to enter into any agreements with the United States Government for military or naval use of part or all of the landing area, the publicly owned air navigation facilities, and other areas or facilities of the Municipal Airport. If any such agreement is executed with the United States Government, provisions of this instrument insofar as they are inconsistent with the provisions of said agreement with the Government, shall be superseded.

14. Subordination of Lease. This Lease shall be subordinate to the provisions of any existing or future agreement between the Lessor and the United States Government and/or State of Kansas, or any agency thereof, relative to the operation and maintenance of the Municipal Airport, the execution which has been made or may be required as a condition precedent to the expenditure of federal or state funds for the development of the Municipal Airport.

This lease shall be binding upon and inure to the benefit of the heirs, devisees, legatees, executors, administrators, successors and permitted assigns of the parties hereto.

ADOPTED BY THE GOVERNING BODY AND APPROVED BY THE MAYOR this 14th day of June 2021.

(First Published in the Marysville Advocate on June \_\_\_\_, 2021)

### AN ORDINANCE CORRECTING TECHNICAL ERRORS IN ORDINANCE NO. 1891.

Whereas, Charter Ordinance No. 9 exempted the City of Marysville from the provisions of K.S.A. 14-201 relating to the appointment of City Officers by the mayor and providing for a procedure of appointing and considering mayoral appointments;

Whereas, by exempting the City of Marysville from K.S.A. 14-201 et seq, the City of Marysville is authorized to determine its procedure for appointing and considering mayoral appointments by ordinance of a general nature;

Whereas, the City of Marysville, having exempted itself from the Kansas statutes, did codify the procedure of appointing and considering mayoral appointments in the Marysville City Code by general ordinance, as provided in the enactment of Ordinance No. 1891;

Whereas, Charter Ordinance No. 18 exempted the City of Marysville from the provisions of Section 4 of 2008 House Bill No 2217 as set forth in 2008 Session Laws, Chapter 163, Section 4, as it pertains to the procedure of appointing and considering mayoral appointments and repealed by implication any prior Charter ordinance pertaining to the procedure of appointing and considering mayoral appointments;

Whereas, it is necessary and proper to correct technical errors where a potential conflict exists between ordinances of a general nature regardless of their originating source;

### NOW THEREFORE, BE IT ORDAINED BY THE GOVERNING BODY OF THE CITY OF MARYSVILLE, KANSAS:

**SECTION 1**. Ordinance No. 1891, Section 2, shall be amended to read as follows:

All ordinances and parts of ordinances of a general nature passed prior to May 11, 2020, are hereby repealed as of the date of publication of said code, including without limitation, any procedure for appointing and considering mayoral appointments regardless of its originating source. Specifically, Section 5 of Charter Ordinance No. 9 is repealed.

**SECTION 2**. This ordinance shall take effect and be in force after its publication in the official newspaper of the City of Marysville, Kansas.

PASSED by the Governing Body of the City of Marysville, Kansas on June \_\_\_\_, 2021.

Jason Barnes, Mayor

ATTEST:

Lucinda Holle, City Clerk

### **City Administrator's Report**

### 6/10/2021 6/14/2021 Council Meeting

### 1. 11<sup>th</sup> Road Bid

We received only one bid for the 11<sup>th</sup> Road project. Our policy is to not open the bid unless the council approves to do so. The lone bid is from Inline construction. Included is the engineer's estimate for the project from CES. The estimate came in at \$202,623, which is around where I estimated as a budget for the project. At this time, I would recommend opening the bid and evaluating whether we should move forward with the project. Inline is ok with opening the bid as the lone bidder.

### Pages: 58

### 2. 12<sup>th</sup> Road Repair

The Street Supervisor, Gary Gundelfinger has proposed doing a 3 inch "mill" and overlay on 12<sup>th</sup> Road to fix some of the major issues with the road from the Highway to the entrance of Hometown Lumber. This project would take the place of the alley project we would have been proposing for this year. Included are the estimates for the asphalt at both a 2.5-inch and 3-inch layer of asphalt. We included estimates from Hall Brothers and Schillings out of Manhattan. This would not be a long term fix for the road, but would allow us the proper planning and implementation time for a more permanent fix.

### Pages: 59-62

### 3. Street Dump Truck

Unfortunately, we were not able to purchase the dump truck we wanted on Purplewave; it was sold for \$60,000. We are still on the lookout for a good replacement truck. I am asking for authorization of \$50,000 to utilize on a dump truck when we happen to find a good replacement. This flexibility would allow me to jump on an opportunity when it arises.

### 4. Fireworks Show

I have talked with a couple of contractors that would be able to do a fireworks show for us. The contractor out of Waterville said they could do either the 4<sup>th</sup> of July or the show in August. One of the issues is we would have to go pick up the fireworks for the show. To transport the fireworks we would have to apply for a license, which appears to be a simple process. The issue with the 4<sup>th</sup> of July show is that it is on the weekend and we would more than likely need to have adequate storage to keep the fireworks; which I don't think we have. For the August show, we could have the show on Friday, have someone go get the fireworks that day and not have to worry about storage. My proposal at this time would be to set up the fireworks show for August 27<sup>th</sup> and forgoing a large fireworks show for the 4<sup>th</sup> of July. We are looking into the insurance for the show. Waterville usually utilizes the Lion's Club and their insurance to cover their fireworks show.

Looking towards the future, I have been in discussion with Sterling Clark about him getting a license to shoot off larger fireworks. He is interested in getting a license so that he may do the city's 4<sup>th</sup> of July show in the future. A part of getting licensed is that Sterling has to attend and possibly participate in three fireworks shows. He could use the August show as one of the events to get licensed.

### 5. Finances/Project Costs

The General Fund has dropped below \$1 million for the first time this year. It is still about \$168,000 over where we were at the end of May 2020. We should see an increase in next month's revenues due to receiving the county tax distribution for June. The Water Fund saw an increase in expenditures due to the purchase of new water meters and the first payment to Deep Creek for the new water line installation on Jenkins and Laramie. The Sewer Fund saw an increase in balance by a little over \$22,000. The Sales Tax Fund saw increase in revenue. This increase coincides with the stimulus distribution from the federal government.

### Pages: 63-70

### 6. Budget Workshop June 30<sup>th</sup> or July 1<sup>st</sup>

I am planning to have our next budget workshop either June 30<sup>th</sup> or July 1<sup>st</sup>. Do either of these dates work?
